CHAINSAW PROTECTION

CHAINSAW CHAPS MAX RESIST

PROFESSIONAL CHAINSAW CHAPS

Heavy duty oxford outer fabric with extremely high tear resistance. The internal chain arresting material is **Fibreactive Chainstopper Technology**, a mixture of **Kevlar** and high tenacity fibres. The chaps have a lightweight breathable lining fabric for comfort. The waist has a wide adjustable belt, with ten adjustable leg buckles and straps. An ankle flap stops debris falling into boots. A fluorescent & reflective safety strip is on each leg.

Colour: Greenstone **Sizes as leg length:** Short, Medium, Long.
Certified to AS/NSZ 4453.3.1997

CHAINSAW CHAPS LIFESTYLE

LIFESTYLE CHAINSAW CHAPS

The Lifestyle chaps have been developed for casual users, in a rural or domestic environment, where a chainsaw is being used occasionally. The chaps have full length zips at the back of the legs for easy access over boots, and a fully adjustable waist belt. Materials and degree of safety is the same as for the **Professional Chainsaw Chaps**.

Colour: Greenstone **Sizes as leg length:** Short, Medium, Long.
Certified to AS/NSZ 4453.3.1997

CHAINSAW TROUSERS MAX RESIST

PROFESSIONAL CHAINSAW TROUSERS

Heavy duty oxford front panels, with high tenacity nylon back panels. The internal chain arresting material is **Fibreactive Chainstopper Technology**, a mixture of **Kevlar** and high tenacity fibres. The trousers have articulated legs for comfort and ease of movement when tree climbing, and zips at the back of the legs give a smooth profile. Elasticated waist bands add to the comfort for all day wear. Pockets have flaps to avoid entry of sawdust. A fluorescent & reflective safety strip is on each leg.

Colour: Greenstone/Black **Waist Sizes:** 77/82, 87/92, 97/102, 107/112
Certified to AS/NSZ 4453.3.1997

CHAINSAW TROUSERS FIRE RETARDANT

FR ELECTRIC ARC RATED TROUSERS

The specifications are the same as for the chainsaw trousers, except that the outer and lining fabric is fire retardant 100% cotton drill with a High Voltage Electric Arc Resistance. The internal chain arresting material is **Fibreactive Chainstopper Technology**, a mixture of **Kevlar** and high tenacity fibres. Chaps are also available.

Colour: High Vision Orange. **Sizes as leg length:** Short, Medium, Long
Waist Sizes: 77/82, 87/92, 97/102, 107/112
Outer & Lining fabric certified to: AS/NSZ 1906.4.1994 High Vision
fabrics AS/NSZ 4824.2009 Wildlands Fire-fighting
NFPA 70E, Level 2 Electric Arc

AS/NSZ 4453.3.1997

PROTECTIVE LEATHER MIT

The leather mit gives greater protection while using a chainsaw. The mit helps prevent injuries occurring to the left hand during kick back.

Size: One size fits all chainsaws.

LEATHER MIT PROTECTION

GATOR PROTECTION

The gators have been designed to improve protection while scrub cutting and line trimming. The heavy duty polyester twill gives protection from flying debris. The gators have Velcro closure on the inside of each leg, with a boot strap, that fastens under the boots to prevent the gators from slipping off.

Size: One Size Fits All
Colour: Greenstone

GATORS PROTECTION

HYDRATION BLADDER

Also available in Fluro Orange, with a reflective strip across the middle for additional visibility. It comes with a 3lt bladder, enclosed in a thermal liner, which keeps fluids cool for up to 8 hrs.

The Bladdasak has been specifically designed to withstand punctures from gorse & sharp branches.

Colour: Fluro Yellow or Orange

BLADDASAK HYDRATION

PROTECTIVE JACKET

This jacket is ideal for those working in the forestry industry. The jacket keeps you dry & warm while leaving your arms free and un-restricted. The cut away front also gives more freedom and keeps the jacket away from moving machinery.

Colour: Fluro Yellow
Size: SM, M, L, XL, 2XL, 3XL, 4XL
